CANDIDATE STATEMENT FORM

Candidate's Name: David Ronald Sams

Candidate Statement (350 word limit):

David Ronald Sams: The \$100,000,000 Man with a Plan

I am a forward-thinking Republican; born a Republican—still a Republican after 45 years. I am a businessman who has generated over \$100,000,000. You've seen many of my products on TV. As a business owner, I know the meaning of balancing a checkbook. I am currently the chairman of multiple corporations, including a TV production company, record company, and Internet company. Some of my holdings include www.SamsDirect.com, www.KeepTheFaith.com, and www.LoveStories.com.

As a marketing architect, I turned *WHEEL OF FORTUNE*, *JEOPARDY!* and *OPRAH WINFREY* into household names. My vast marketing experience will help win new business to California. As a TV producer, I've produced programming that has caught the attention of the White House. I helped convince theater owners to implement a photo ID check to keep teens out of R-rated movies. Yes, I'm a producer, but also a concerned parent. There's too much violence in the media. I've won nine Emmy awards.

This campaign should be about one issue: Balancing the budget. We must think "out of the box." For example, I would offer naming rights to our freeways. Corporations pay to have their names on ballparks—why not the 405 Freeway? I pledge not to raise your income tax. I pledge to restore the glory days of Ronald Reagan.

I am David Ronald Sams, Republican for Governor. Happily married for 10 years to my wonderful wife, Renee. Visit www.DavidSams.com before midnight tonight.

CANDIDATE STATEMENT FORM

Candidate's Name: DARRIN H. SCHEIDLE

Candidate Statement (250 word limit):

Minnesota did it – now it's YOUR turn, California!

It's time for CHANGE in Sacramento!

Vote for the Candidate who is "OWNED" by NOBODY!

Government is a BUSINESS, and should be RUN like one!

Cast your vote for me - a CEO, businessman, family man, native Californian and INDEPENDENT THINKER.

Over the years, I have started and built up FOUR successful businesses from nothing. As a "bootstrap" entrepreneur, I know how to get the MOST out of every dollar. That's what we need NOW in Sacramento – NOT someone who will raise taxes and fees, but someone like me, who will PROPERLY spend the funds that are ALREADY there. Successful businessmen know you can't spend money you DON'T have – "CAREER" politicians have been mortgaging California's future (and that of our children and grandchildren) to further their OWN agenda.

NOW it's time to return the government back to the people... the government works for YOU, the citizens!

EDUCATION: The budget cutbacks are being made in the WRONG areas. **Leave education funds alone!**

Law Enforcement officers belong ON THE STREET. Public safety needs to be FORTIFIED, not cut!

DMV fees are being misspent. I will start the process of rescinding the DMV Fee increase during my first day on the job.

Stop driving money out of the state! – We need to entice businesses INTO California! Tax incentives and a corporate-FRIENDLY environment are a PRIORITY if California's economy is to survive!

CANDIDATE STATEMENT FORM**

Candidate's Name: MIKE SCHMIER

Candidate Statement (250 word limit):

As your Governor I will work to provide the *fiscal responsibility-reality check* California needs to *save taxpayer money* and return us to a positive financial position. We can do this by encouraging the involvement of the talented people we already have in our business and government communities. Californians must demand that their legislators pay attention to the people and do their true work.

We must *listen to experts* and act on their best ideas: educators to improve our schools; union and business leaders to develop our entrepreneurial climate; specialists to protect our environment and modernize transportation; health care professionals to improve the well being of our citizens; and leaders in all fields -- and bring California, again, to the forefront of new technologies.

Good fiscal management requires making our State the very best place to work and do business. When people have steady, meaningful employment and affordable housing, we all do well. I will also work to *promote California nationally and internationally*. Our State is the gateway to Mexico, Central and South America, the Pacific Basin and Asia and is America's number one provider of products and ingenuity to the world.

California needs and is clearly ready for a true *reality check* on how we use our financial, natural and human resources. America and the world look to us for innovation.

Let's reclaim California now.

CANDIDATE STATEMENT FORM

Candidate's Name: GEORGE B. SCHWARTZMAN

Candidate Statement (250 word limit):

I am a successful and compassionate businessman who is a fiscal realist. I understand that California cannot spend its tax revenues frivolously.

I am an innovator who has spent my career in medical-related business endeavors. Improving the physical health of Californians will improve the fiscal health of California. I believe that health begins with prevention, and healthcare of the highest quality must be an uncompromised standard. I believe that society is severely hampered by junk food, alcohol, drug, and tobacco abuse.

Businesses that prosper create jobs. California must become tax friendly to business, Not tax adversarial.

I do not tolerate unethical behavior, and believe that a crackdown on abusive attorneys, healthcare providers, and other licensed professionals who compromise their ethics is long overdue.

I advocate an extensive transformation and modernization of the educational process to an effective system. I favor tuition discounts to California residents on a sliding scale based upon academic achievement at all California public universities.

I disapprove of sacrificing our children's health through the routine sale of junk foods as fundraisers in public schools.

It is wrong to sacrifice the needs of our senior citizens at the expense of caring for illegal immigrants.

I will be a common-sense nonpartisan Governor, free of any commitments to any special interest group. I am the Candidate who offers Californians a refreshing opportunity to elect a responsible and fair Governor with innovative and sensible ideas for all. My name is Ralph S. [Rotron] Sherwood. I am 55 years old, married for over 25 years, father of two sons, reside in Ventura County, city of Moorpark.

I belong to the Simi Valley Elks, the National Rifle Association, the California Shooters Association, and the AARP.

I believe the family is the foundation for the success or failure of society. This includes fiscal as well as social. To tax, borrow, or bond your way out of debt is ridiculous, a problem itself not a solution!

My motto is "No Problems, Only Solutions." We will work together to find those solutions instead of spending more money while finger pointing and making excuses. I'm an average citizen - no indebtedness to existing political machinery. I can keep it simple. Let's pay our debts and review our fiscal policies. We as humans will always take the easy way around a problem, but, the solution is, like it or not, to stop all spending until the faults of the current fiscal policy are found.

If you can, and want to better your status in life you will work indefinitely to achieve things most thought you never could do, because you and you alone know your limitations. Special interests of the few end the health of the whole community.

CANDIDATE STATEMENT FORM

Candidate's Name: Richard J. Simmons

CANDIDATE STATEMENT (SEE FORM 10017)

Our new governor must address the state's staggering budget deficit in three ways -- promote business growth, create jobs, and improve education. The stimulation of business expansion is the centerpiece of this plan. A commitment to education is the cornerstone.

Our path is clear. *Jobs do not create themselves. Businesses create jobs.* To increase job opportunities, California's lawmakers must abandon their anti-business bias. They have overregulated and unfairly penalized businesses, causing many to leave the state. Business growth is key to correcting California's deficit crisis and increasing jobs. To achieve this goal, we must overhaul a workers' compensation system that is unfair to businesses and employees.

The success of California requires an independent thinker who can transcend party lines. As a UC Berkeley Law School graduate and business advocate for 20 years, I have the experience necessary to turn California around.

The undersigned author of the above candidate statement hereby declares under penalty of perjury under the laws of the State of California that such statement is true and correct.

CANDIDATE'S STATEMENT

I spent two years in federal prison because I grew medical marijuana for myself and others under the Compassionate Use Act passed by the citizens of California. But our voices mean nothing to Washington.

Why elect me Governor?

I will pardon all persons convicted in California of victimless crimes, such as growing, selling, transporting or using marijuana, including those in prison for such convictions. I will not prosecute any victimless crimes.

I will not chase phantom crimes, innocent acts that legislators make into crimes to show they are "tough on crime," so they can keep themselves in office, but will free up millions of tax dollars from these phantom-crimes chases to be spent on chasing real criminals.

I will not accept a salary as Governor since. [REDACTED]

I will demand voluntary rollback of outrageous energy contracts signed by my predecessors. My message is simple: "Either roll back these unconscionable contracts voluntarily, or I will have the courts roll them back."

We have a once-in-a-lifetime opportunity to seize control of government. I will employ the full powers of our Constitution to put the will of all California into action.

Californians: Rise up; cast off the chains of tyranny! Elect someone who will stand up for you! I stood up for you in Vietnam and before the federal government! I'll do it again as your Governor!

Let Washington, politicians and big business hear the voice of the jury that counts: the voters of California!

CANDIDATE STATEMENT FORM

Candidate's Name: Erik R Smith

We Californians are at a crossroads in our history. We have built one of the world's largest economies. We are at the forefront of technology development and environmental protections. California's diversity of cultures is unmatched by any state. We have much to be proud of in California.

But we must admit that we have a problem.

California is a very expensive state to live in. And it's an expensive state to run. In the current economic times, many states have budget shortfalls to live through. Ours in California is by far the largest. Future efforts to balance our budget will be unpopular.

But the budget isn't California's biggest problem.

In this recall, the political process has been legally hijacked. Opponents of the governor have not explained to the people how they would fix California's problems. Instead, they have bought and paid for base bullying tactics to wrest power from the opposing party.

As a Californian, I choose to stand up to the tactics that have brought about this recall movement. As a citizen of this state, I feel it is in *everyone's* vital interest to begin participating actively in the matters of our state. Throughout my campaign, I will seek to document the political tactics being applied in California that do not serve us as citizens. I will work with others for solutions to the problems that our politicians can no longer seek to hide.

Until we Californians stop looking to blame someone else, our problems will not go away.

The undersigned author of the above candidate statement hereby declares under penalty of perjury under the laws of the State of California that such statement is true and correct.

STATEWIDE SPECIAL ELECTION
CANDIDATE STATEMENT FORM

Candidate's Name: Randall D. Sprague

Candidate Statement (250 word limit):

California urgently needs strong and innovative leadership. As Governor, I can do the tough things needed to bring California back from the brink of bankruptcy and give families a better place to live. I want to repair the California Constitution, repeal the vehicle registration increase, stop reckless spending, and increase income by attracting more businesses not by increasing taxes or fees. I want to increase voter participation and require that any borrowing of money be approved by a majority of *all* registered voters, not just the few special interests. I want to invest in the foundation years of education, K-12, and take care of our seniors who worked a lifetime building this once great state. I'm not a professional politician. I'm a decorated Vietnam veteran, worked in insurance and finance, and had a career in law enforcement. For the last thirteen years, I've owned a private civil rights investigation business. I have the fortitude and understanding to change California with your help and vote.

Once An Aspirant Catholic Priest, I support life from conception to the grave and the right to bear arms. As a former staff of Governors George Dukmejian and Pete Wilson, now a Ronald Reagan public policy supporter of President Bush, advocate with the White House and Congress for working families, where I offer support, and my advise, I believe the answer to our California's problems is we are over taxed. Today, many so-called services fees are simply, taxes, just renamed. Higher taxes have proven ^{to} never bring prosperity. What we need is to lessen the tax burden on Californians. I pledge ^{to} never [^]raise your taxes. As your governor, the first thing I'll do is Repeal the triple car tax retroactively, to put some money into consumers pockets to spend a and help stimulate our economy. Second, we need tax

CANDIDATE STATEMENT FORM

Candidate Statement (250 word limit):

After graduating Magna Cum Laude from USC, where I studied real estate and finance, I attended Loyola Law School and have been operating my law practice for the past ten years. Resolving disputes with honesty and integrity and in a cost effective manner has been my priority. As an aviation student at Glendale Community College, I see firsthand the need to assist students, rather than erecting obstacles through exorbitant tuition hikes. Born and raised in California, living with my wife, daughter and stepdaughter, I consider myself a fiscally responsible person. When my business is not as profitable as I would like to be, instead of raising my rates, I look for ways to increase revenue through expansion, take a cut in pay, and reduce my expenses. Government should follow this same strategy and look for ways to increase the tax base by bringing businesses and people back to California, reduce the top level government salaries, and cut operating expenses. I'm opposed to the tripling of the motor vehicle license fee. There should be a maximum cap on all tax increases. With your support, I can solve the problems that California faces and return California to greatness.
